WEB DEVELOPMENT PROJECTS

TitanFlow.io https://titanflow.io/
Website that offers information about TitanFlow's stock options trading app, a service that provides users with algorithmic option order flow and trading insights.

- Collaborated with development team to design and build a responsive and scalable website
- Leverages GitHub for version control management, project tracking and issue resolution
- Updates website to reflect service updates, new features, and continued app development
- **Languages & Technologies:** HTML, Sass, JavaScript, Modular SCSS, GatsbyJS, GraphQL, SEO, JSON, React, JSX, Node.js, NPM, GitHub, GitHub Pages

Inscope.ai https://inscope.ai/
Website for Inscope, a Seattle-based start-up offering a powerful sales recruiting platform that combines messaging with human-centered AI.

- Designed website layout, built responsive UI, and implemented CMS
- Collaborated with company founder, technical staff, and designer remotely over slack and at weekly team meetings to brainstorm ideas, gain feedback, and ensure website showcased Inscope's vision and values
- **Languages & Technologies:** HTML, Sass, JavaScript, Modular SCSS, GatsbyJS, GraphQL, React, JSX, Contentful, Node.js, NPM, GitHub, GitHub Pages

Weather Dashboard github.com/austenpturner/weather-dashboard | weather-dashboard-app.herokuapp.com/
A weather web application that displays the current weather, hourly weather, and five-day forecast of the user's current, searched, or saved location.

- Rebuilt and revamped a Coding Bootcamp assignment to implement latest technology including React, JavaScript ES6 and Sass
- **Languages & Technologies:** HTML5, CSS3, Sass, mobile-first layout, JavaScript ES6, APIs, JSON, Geolocation, Moment.js, React, JSX, Local Storage, GitHub, Heroku

PROFESSIONAL EXPERIENCE

Lead TMS Technician Sept 2018 – Present
Seattle Neuropsychiatric Treatment Center https://seattlentc.com/ Bellevue, WA
Provides exceptional mental health care through careful administration of TMS treatments, writing clear and concise documentation, and communicating with doctors and team members to ensure patient safety and clinic efficiency.

- Promoted to Lead Technician and recognized for excellent work ethic and strong communication skills
- Optimizes clinic productivity, safety and communication through constructive collaboration with practice owners and office management as technician liaison
- Coordinates clinic schedules, shift coverage, training sessions, tech meetings and yearly performance reviews
- Leads weekly staff meetings and streamlines weekly ECT meeting by generating update compilations
